Dear Ms. Olsen,

On behalf of my students at Redwood Elementary, I want to express my sincere appreciation to LCA Bank for making an investment in the future of our students by supporting Junior Achievement at our school. It is only through your involvement in Junior Achievement that we can continue to bring the JA programs to our students. I certainly recognize the importance of the concepts Junior Achievement presents and my students love the activities and interactions with the volunteers.

Your contribution to Junior Achievement of Utah helps inspire our students to achieve a future where their dreams can become a reality. Thank you for your support in providing our students with this opportunity!

Sincerely,

Katrina Gillespie

Principal
