Dear Gary,

On behalf of Junior Achievement of Utah and Idaho's board and team, I want to express my sincere appreciation for your investment and commitment to the future of our young people.

Our mission is to empower youth to discover their purpose. By building a wide range of skills and nurturing self-belief through volunteers serving as mentors, JA prepares young people for the future of work, teaches them how to think entrepreneurially, and ensures they have the tools to be financially capable adults.

We recognize that this work can only move forward with partners like Milestone Bank, as it truly takes a community to achieve positive impact. Your generous investment of \$[REDACTED] for a partial sponsorship at Redwood Elementary, an at-risk school in the Granite School District, will enable students to participate in the Junior Achievement K-6 In-Class programs for the 2023-2024 school year.

Our combined efforts will enable us to continue to reach students throughout Utah. Each day, we work to help young people discover what is possible. We do this by helping them connect what they learn in school with life outside the classroom. We also help them understand it is possible to invest in their future, to gain a better perception of how the world works, and to pursue their dreams. We show them that it is possible for tomorrow to be a better day.

Again, thank you for your support. You truly are making a difference in the lives of the students we serve.

Warmest regards, *Thank you,*
